All babies develop at different rates and in different ways. Please do not worry if your baby is not doing all or any of the activities mentioned in the questionnaire. It is not a test. The activities are simply one way of understanding how your baby is progressing.

Possible answers:

Yes = your baby does this activity (or has done it and has now progressed, e.g., crawling, but is now walking)

Sometimes = your baby is just beginning to do this activity (but does not do it regularly)

Not Yet = your baby has not yet started doing this

Please leave blank any activities your baby has not been able to try with you.
1. Does your baby make two similar sounds like “ba-ba,” “da-da,” or “ga-ga”? *(The sounds do not need to mean anything.)*
